19th March, 2024

Dear Institution Nodal Officer,

Considering several requests to give an extension of deadline for uploading AISHE 2022-23 data (due to various reasons such as pending data from one or two departments, network connectivity/technical issues etc.), a **one time extension of deadline upto 5th April, 2024 (1700 hrs) is given.**

2. As you have still to upload your data for AISHE 2022-23, I request you to do the same at the earliest so as to ensure that **your institution does not go unrepresented in AISHE database** (which may in future, lead to inactivation). Also, it is reiterated to ensure accuracy of data, especially the **geographical coordinates** (latitude/longitude), **enrolment** (including for social categories such as SC/ST/OBC, minorities, foreign students, etc.), **approved intake** (seats for first year), **teachers in position, sanctioned strength of faculty/teacher, scholarship, NEP module, infrastructure related information, financial information** (including expenditure on research activities) etc.

3. It is once again advised to upload the AISHE data well in advance and not wait for the last few days, to avoid connectivity/server issues. No further extension will be provided.

With warm regards,

Yours sincerely,

(R Rajesh)
